

What is it?

Somewhere in the countryside

I have this wonderful medicine, but I cannot read the leaflet...

The letters are too small
and not in a language I understand!

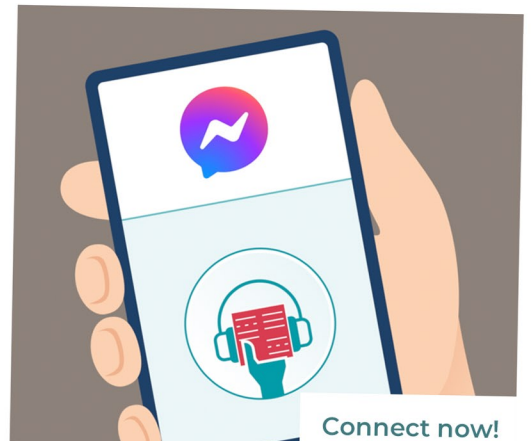

Have you heard of "Read It To Me", grandma?

You just type in the box, and you don't even have to spell it correctly and then you can listen to the information about it.

You never need to worry about having, losing or if the info needs to be updated - as its always there up-to-date in your Messenger app.
